

# WALK WITH A LIGHTER TOUCH

tuning: eadgbd

The earth will be going  
Before we know it  
Throw down your guns, people  
We've already won the battle  
For survival

## CHORUS:

Do we know what we are walking on?  
Do we know what we all live upon?  
Can we walk with a lighter touch  
And live with a wiser love?

Enchanting blue magic  
Is this little planet  
And blessed are we, people  
Blessed to be  
To be here upon it

## CHORUS:
