

O SUN

standard tuning

You are the sun
I am the dew
Gifted with life for a moment or two
That I for my time
May sparkle and shine
O Sun, come fill me with you
O Sun, come fill me with you

You are the wind
I am the sail
You are my strength and without you I fail
Breathe but a sigh
And I'll open wide
O Wind, come fill me with you
O Wind, come fill me with you

You are the wine
I am the cup
I can yield nothing till I am filled up
Hold me upright
And pour forth your life
O Wine, come fill me with you
O Wine, come fill me with you

O Wine, come fill me
O Wind, come fill me
O Sun, come fill me
With you
